AUTOMOBILE COLLISION

PRESENCE OF MIND OF KALEM DRIVER AVERTS SERIOUS ACCIDENT

There was a collision of an auto truck and a touring car Tuesday forenoon at 9 o'clock on West Broadway between Louise street and Maryland avenue. The truck belongs to the Kalem company and at the time of the accident was driven by Wm. Taylor, the regular driver. The touring car is a Studebaker and is owned by Mrs. Elliot of 1324 Arden avenue, who was driving the car. The truck was being driven east on Broadway, and the touring car was being driven west on the same street. The driver of the touring car, wishing to turn in the street, did so at a time when the truck was approaching from the other direction. With great presence of mind the driver of the truck steered his machine to the right onto the curb, striking an electric light standard and greatly damaging his truck to avoid overturning the touring car which had turned in ahead of his large truck.

However, the two machines came together with terrific force, and it was with considerable difficulty they were separated. The touring car was only slightly damaged, but the truck was badly damaged by striking the lighting standard. Four large globes on the standard were broken. Fortunately no one was injured.

TO ASSIST IN OPERATIC CONCERT

Mrs. Norma Rockhold Robbins, instructor of the Robbinette club and director of the club at their concert at Glendale High school this evening, has been chosen to assist Miss Marcella Craft in an operatic concert to be given at Riverside on Friday evening.

ENTERTAINS SORORITY

Miss Maude Soper of 226 Belmont St. entertained the Glendale sisters of the Ti Beta Phi sorority Saturday afternoon. Those present besides the hostess were Mrs. Chas. Rathbone, Mrs. Frank C. Ayars, Mrs. Perce Curtis and the special guest of the afternoon, Miss Donecken, teacher in the Glendale Union High school.

The afternoon was pleasantly spent in chatting of college days and the delicious ices and cakes served by the hostess were gratefully received, as the day was very warm.

IT PAYS TO BE TRUE

The world is not full of traitors and crooks. The vast majority of men and women are square with society, if not with themselves. The traitors to community law are the exceptions and as such they suffer the contempt of the people whose customs and conventions they outrage. They can never be trusted. They are outcasts of decent society. They are shunned with a severity commensurate with the seriousness of their offensiveness.

With the world deliberately and determinedly against you, you can't succeed as well as when the world is with you. So, it pays to be true to the common laws of decency and honesty—laws mads by common consent and enforced vigorously, for they are the very foundation of the community's peace and progress.

MADE-IN-AMERICA GOODS

Since the commencement of the European war the campaign for "made in America" goods has received an immense impetus through the inability of importers to secure the regular supplies of foreign-made goods. Americans are discovering that home products are just as good in every respect as the foreign article, and dealers are displaying the "made in America" sign with greater confidence.

The effort to encourage native art is also advancing. Alex Pantages, the vaudeville magnate, announced more than two years ago that American vaudeville acts would always be given the preference over foreign on his circuit of theaters. Others have followed his example, and now Pantages is again setting the pace by announcements in his program when his vaudeville acts are "made in America."

This tendency is illustrated next week at Pantages theater in Los Angeles by the appearance of The Five Musical Nosses, German in name, European in the finished perfection of their musical art, and in costuming. The Nosses carefully announce in the program that their instruments, their scenery and their costumes are, like themselves, all made in America.

TROPICO ITEMS

THURSDAY AFTERNOON CLUB PREPARING DELIGHTFUL PROGRAM

The officers and members of the Tropico Thursday Afternoon club are busily engaged inviting their friends and members of the various churches and organizations of Tropico, Glendale and vicinity to the G. A. R. hall Thursday afternoon, when Dr. Kate Waller Barrett will deliver an address. Dr. Barrett is the national president of the Florence Crittenton Homes of which there are 82 institutions throughout the United States. Dr. Barrett is world renowned and all who can should avail themselves of this opportunity afforded by the Thursday Afternoon club to hear this eminent woman. The ladies of N. P. Banks W. R. C. have very generously given their hall to the ladies of the club for the afternoon and will endeavor to render the meeting one long to be remembered by all who attend.

Mrs. Charles A. Barker, president of the club, has appointed as decorating committee Mrs. David H. Imler, Mrs. Samuel A. Pollock, Mrs. L. C. Rice, Miss Elsie Anderson and Miss Cora Hickman. The hostesses for the afternoon will be Mrs. Edward M. Lynch, Mrs. Charles A. Barker, Mrs. A. P. Stone and Mrs. Mary McLean.

Other features of this splendid program will be a talk by Mrs. Frank Wolfe on the National Marketing Commission and a vocal solo by Mrs. John Virgil Sweetser. The public is cordially invited to be present Thursday afternoon, April 15.

Mr. and Mrs. Ernest J. Morgan of Central avenue, having purchased 80 acres of land in Imperial valley, near El Centro, of David Webster, will leave the first of the week to take possession of their ranch property. Mr. and Mrs. Morgan, who have resided in Tropico for almost ten years and have been identified in church and social activities of Tropico, will be missed by their many friends and associates.

A pleasant feature of the many social events given by the Ladies' Aid of the First Presbyterian church of Tropico will be the chicken pie supper, which will be served Friday evening, April 16, in the Sabbath school room of the church.

Mrs. H. H. Tisdale of Paloma avenue has returned from a delightful visit in San Diego, where one of the pleasant features of the sojourn in the city was a visit to the exposition.

Mr. and Mrs. William A. Gray, Miss Florence Gray and Mr. W. A. Gray of Detroit, Mich., accompanied by Miss Eva M. Blain of Los Angeles, were the guests of Mrs. David H. Imler of Palm Villa Monday. Mr. Gray is secretary and treasurer of the Crescent Brass and Pin company of Detroit, the largest pin manufactory of the world. Last year this company manufactured and sold one million tons of pins. It may be interesting to know that it requires 6400 pins to weigh a pound (sixteen ounces).

Mrs. Francis Booth will entertain the Kensington club at her home, No. 429 Gardena avenue, Wednesday afternoon. Mrs. Booth will suspend a large American flag at the entrance to her home as is the usual custom of the hostess for the club.

Mr. and Mrs. J. A. Stone, having purchased the Burt W. Richardson property on Eulalia street, have removed from their former home on Blanche avenue and with their family taken possesison of the new home.

Mrs. Joe Griffin and little son Jim of 135 West Acacia street entertained with a luncheon on Friday for Mrs. Glenn Craig and little daughter, Mary Pauline, who are visiting here from Castiac, California.

Cardinal sweet peas and white centurias lent their fragrance and charm to the occasion and the table was very pretty with these dainty flowers. Luncheon was at one and covers were laid for the following: Mrs. Wm. Hough, Mrs. John Hobbs, Mrs. George Peck, Mrs. Olaf Andresson of Oneida, Illinois; Mrs. Fred Spear and baby Katherine, Mrs. Craig and Mary Pauline and the hostess and little Jim.

MEETING POSTPONED

The Home Economics Department of the Columbus Avenue Parent-Teachers' association, which was to have met this afternoon, has been postponed until Thursday afternoon. Mrs. Lanthear of Los Angeles will address the department at that time on "Truthfulness between Parents and Children."

TROPICO COMMITTEE CONFERS WITH TRUSTEES

J. W. USILTON, CHAMBER OF COMMERCE PRESIDENT, URGES PARTICIPATION IN MAY FESTIAL—TROPICO AND GLENDALE TO WORK TOGETHER ON LICENSE ORDINANCE ENFORCEMENT—BROADWAY PROPERTY OWNERS PROTEST

The Board of Trustees of the City of Glendale met in regular session in the city hall on Monday evening, April 12th, 1915. Present: O. A. Lane, president of the board, and Trustees Charles Grist, J. S. Thompson, A. W. Tower, George Williams. Also present T. W. Watson, city manager; J. C. Sherer, city clerk; W. E. Evans, city attorney; H. B. Lynch, manager of the public service department; Edward M. Lynch, city engineer, and G. B. Hoffman, treasurer.

The minutes of the preceding meeting were read and same were approved.

J. W. Usilton, president of the Glendale Chamber of Commerce, was present and asked permission to speak concerning the advisability of having Glendale represented with a float and by other means at the May fiesta to be held in the city of Los Angeles May 3d. He said he had just been in attendance at a meeting in Los Angeles, held in the interests of the proposed fiesta. At this meeting there were representatives from all cities surrounding Los Angeles, and it seemed to be the expression from all present that their cities would be represented with floats on May 3d. Mr. Usilton said it was with considerable embarrassment that he was unable to say that Glendale would be represented. He believes it would be a good thing for the city to have a float in the parade, and to encourage representation by the Elks' patrol, the Glendale Municipal band and in other ways. Mr. Usilton thinks the citizens would donate sufficient flowers to decorate the float, and believes that other necessary cost would not exceed $200. He also thinks that the frame of the float might be used upon other occasions, as there will be many big doings in Los Angeles county this year.

W. H. Crane, secretary of the Glendale Merchants' association, appeared before the board, asking that the enforcement of the Merchants' License Ordinance be postponed until such time as Tropico may adopt an ordinance similar to that of Glendale, that the two cities may work in conjunction on the license tax proposition.

A committee from Tropico was present, consisting of Henry A. Goodwin, city attorney, representing the Board of Trustees, and J. Herbert Smith, Frank B. McKenney, Charles Verdin, R. Danner and H. G. Bradford, representing the Merchants' association. Mr. McKenney said that the merchants of Tropico are very anxious to co-operate with the merchants of Glendale in all particulars that are for the benefit of themselves and the general public, and he suggested that the city attorney of Glendale and the city attorney of Tropico get together, and that a new ordinance be drafted for Tropico and that some amendments be made in the one that has been adopted for Glendale; and in this way a license ordinance can be agreed upon that will be satisfactory to the people of both cities.

On motion the question of postponing the enforcement of the Merchants' License Ordinance was referred to City Attorney Evans and City Manager Watson, it being understood that these gentlemen are to confer with the Tropico committee.

Many protests were read against the opening and widening of Broadway east of Everett street. Most of these protests were offered by property owners west of Glendale avenue, the argument being mainly that the assessments will be burdensome for them to pay, and that when Broadway west of Glendale avenue was improved, the property owners on Broadway east of Glendale avenue were not required to pay assessments. On motion the time of hearing of these protests was set for Monday evening, April 26th, at 8 o'clock.

Two applications were read for obtaining of permits to sell milk in Glendale; one from J. L. McOmber of 552 E. Broadway, and the other from E. B. Riggs of Burbank. Permits were granted to both of these gentlemen.

A communication was read from the secretary of the Chamber of Commerce of Tropico, stating that on Friday, April 16th, the Chamber of Commerce of Tropico will hold a meeting, at which will be present those interested in having a bridge constructed across the Los Angeles river for the purpose of providing a direct public highway to Los Angeles. The trustees of Glendale are asked to have representatives at this meeting. A motion prevailed that all members of the board finding it possible to do so should attend.

An invitation from the San Diego exposition committee was read, inviting the trustees to attend the exposition. The communication was received and placed on file.

A bid was read, giving the price and conditions of furnishing a machine for the making of cement meter boxes. The manufacturers refuse to sell the machine outright, but would lease it for a term of years, and would have connected with the lease a burdensome lot of red tape requirements which met with the disapproval of the manager of the public service department and the Board of Trustees.

H. B. Lynch, manager of the public service department, stated that there was not a quorum present at the meeting of the Verdugo Springs Water company, so no legal business was transacted at that meeting. He also stated that the Verdugo Springs Water company has not yet obtained permission from the railroad commission to transfer the water system to the City of Glendale. However, it is his opinion that the railroad commission will pass upon this question very soon, and the city will then take over the water company's system.

With reference to the city's taking over the Verdugo Springs Water company's plant, there is a temporary delay on account of the company getting the transfer papers legally drawn up.

The manager of the public service department said he had learned that the cost of employers' liability insurance for the workmen in the public service department would be $480 per year. He stated that he had provided temporary insurance for a period of ten days. He was instructed to arrange for a year's insurance on all employees of that department.

The contract for constructing the bridge across the wash at Canada boulevard was let to Putnam-Stone Construction Co., the contract price being as follows: For the steel and concrete bridge, completely installed, $19,149.00. For grading of channel and construction of protection work, completely installed, $8,376. Total, $27,525. Notice of the letting of said contract will be found elsewhere in this issue.

A resolution was passed ordering certain improvements to be made on a portion of Hawthorne street and Central avenue. Said resolution will be found elsewhere in this issue of the News.

An ordinance was adopted for the opening and widening of Seventh street.

City Attorney Evans stated that he had called on Mr. Carr, attorney for the Pacific Electric Railway company with reference to the change in the easements at Seventh and Chestnut streets. He said Mr. Carr assured him that the change would be made as requested, but it would be impossible for him to have it in time for Monday evening's meeting. However, Mr. Evans thinks he will have everything completed to present at the next meeting of the board.

About twenty minutes was spent in an informal way in discussing the Baker and Haas flood control bills.

On motion the city clerk was instructed to transfer from the Orange street fund $433.39 to the general fund and from the Doran street fund $108.11; also $1000 from the street fund to the general fund.

On motion the clerk was instructed to draw a warrant for $30 in payment of the advance court charges for the opening and widening of Seventh and Adams streets.

On motion G. B. Hoffman, city treasurer, was given a leave of absence of two weeks.

Adjournment.

ATTENDING PRESBYTERY

Rev. W. E. Edmonds of the First Presbyterian church of Glendale is attending the annual meeting of the Los Angeles Presbytery which opens at Immanuel church in Los Angeles tonight and continues until Thursday night. Laymen representing the local church at the Presbytery are W. J. Clendenin and John Camphouse. One of the important things to come up at this meeting is the election of commissioners to attend the General Assembly, which meets at Rochester, New York, in May. Rev. Edmonds was one of the ministers to represent the Los Angeles Presbytery at the General Assembly which was held in Chicago last year.

The money the state is collecting for auto licenses should do much toward making good roads if used for that purpose.

DISTINGUISH'D VISITORS

MR. WILBUR FUNK AND DR. AND MRS. ROBERT SCOTT GUESTS OF DR. LUCAS

Mr. Wilbur Funk, son of Isaac K. Funk, founder of the Funk & Wagnalls company, publishers of the Literary Digest and Standard dictionary, is the guest of Dr. V. H. Lucas at the Glendale sanitarium. They arrived in Los Angeles at 2:40 this afternoon, on a tour of the west.

The party left New York city March 31, going by steamer to New Orleans, traveling from there over the Santa Fe on a visit to the Grand Canyon, and then on to California. An automobile trip to Hollywood, Pasadena, and other towns around Glendale is being taken this afternoon. Tomorrow Dr. Lucas will motor his guests to the Loma Linda sanitarium and College of Medical Evangelists. They will also visit Redlands, Riverside, Colton and towns in the immediate vicinity. Thursday they will visit the Paradise Valley sanitarium, at National City, the San Diego exposition and other points of interest near these places.

Mr. and Mrs. J. K. Crawford of Viola avenue spent Monday in Los Angeles, enjoying a down town dinner and the theater in the evening.

BUFFET SUPPER FOR SCHOOL ALUMNI

What would have been called in the society columns a "delightful affair," and was, in real truth, a very pleasant occasion was the buffet supper given the executive committee of the High School Alumni association by Mrs. W. A. Richardson at her spacious new residence at Central and Riverdale drive.

The committee which is, ex officio, the power behind the coming production of "Polly of the Circus" to be given at the Palace Grand theater, had met to discuss certain important matters relative to the play. After being thus charmingly entertained by their gracious hostess, they repaired to the High School auditorium where nightly rehearsals are in progress.

Those present were Miss Emily Ellias, president of the association; Miss Lorraine Mitchell, secretary; Miss Dorothy Hobbs, Miss Eula Richardson, Miss Barbara Mitchell, Miss May Church and Messrs. Owen Emery and Dwight Stevenson.

BUSY DAY FOR POLICE

Dick Crawford, a movie actor with the Selig company, must have been laying for his enemies yesterday, for he was equipped with a loaded Colts .45 revolver and a belt full of ball cartridges. The Glendale police considered him a dangerous character thus armed and Chief Herald was under the painful necessity of arresting him for carrying concealed weapons. Judge Whomes fined him $10.

A. Robinson of 1636 Ruth street, Casa Verdugo, was also arrested yesterday for drunkenness and was fined $15 for being drunk and resisting an officer.

BROTHERHOOD MEETING

There will be an important meeting of the Brotherhood of the Presbyterian church this Tuesday evening at 7:30. There will be election of officers and other important business. All men of the church and congregation are urged to attend.

MISS FLOWER A BRIDE

DR. MILLS OFFICIATED AT PRETTY WEDDING AT FLOWER HOME LAST NIGHT

One of the prettiest weddings of season occurred at the home of Mr. and Mrs. J. H. Flower, 730 South Adams street, Monday evening, when they gave their daughter, Miss Marguerite Ellen, in marriage to Mr. Charles Joseph Rittenhouse of Hollywood. This was a quiet home wedding, but very pretty and impressive. Lilies, roses and ferns formed an appropriate setting for a spring wedding, and the young people plighted their troth surrounded by their near relatives and close friends.

At the appointed hour the bride's parents entered the room followed by the groom and his best man, Mr. James McBryde. Following them came the bride, attired in a handsome white brocade gown and wearing a beautiful corsage boquet of lillies of the valley, roses and maidenhair fern. She was attended by her sister, Miss Hazel Folwer. They took their places before the officiating clergyman, Dr. C. Irving Mills, rector of St. Mark's church, who read the impressive Episcopal ceremony, Mr. Flower giving his daughter away.

Following the ceremony and congratulations, a wedding repast was served, after which Mr. and Mrs. Rittenhouse departed for 1208 Ardath avenue, Hollywood, where the groom had a cozy bungalow in readiness for his bride and where they will be at home to their friends after April 16.

Relatives and friends who were present at the ceremony last night were Mrsfl Fambrough of Georgia; Mr. James Grindell of St. Louis; Mr. and Mrs. McBryde and Mr. James McBryde, Miss Dorothy Leech, Miss Ida Potter, Mr. and Mrs. J. H. Flower, Elmer and Jesse Flower, Misses Hazel, Anna May and Evelyn Flower.

Many, many good wishes follow this young bride to her new home. She has lived in Glendale for five years and has many friends here who love her dearly for her sweet and womanly manner and her charming friendliness. Her husband is a very worthy and able young man, being a law student at the University of Southern California at the present time.

INTERESTING FEATURES OF ROBBINETTE CONCERT

Possibly no concert ever undertaken in Glendale has been more widely advertised or excited more interest than the Robbinette concert which takes place this evening at the High School auditorium.

The club is composed of young women of the younger set of Glendale, with good voices, under the direction of Mrs. Norma Rockhold Robbins, well known contralto and teacher of Los Angeles. With the exception of Wanda Robertson, Miss Lancaster, Miss Smith, vocalists, and Miss Fowler, reader, the program will be given by the club.

Mrs. Gladys Sherman and Miss Clara Pearson will appear as serenading Venetian gondoliers. Miss Zettie Duncan, as a belle of 1860, will sing an old ballad that our grandmothers used to sing. Miss Katherine Lewis, Mrs. Cross and Miss Mattie Belle Provolt will appear in trio.

Bring your handkerchiefs, for it promies a scream. Miss Fowler's number will help the young bride in her shopping. Don't fail to see Lois Naudain dance the sailor's hornpipe. Miss Frances Payne will lend valuable assistance as violinist. Doors are open at 7:15. Seats unreserved.

IOWANS TO ENTERTAIN NOTED GUESTS

The Iowans of Southern California are all invited to meet and to greet United States Senator Cummins and Judge and Mrs. Prouty in popular reception to be held in the Alexandria hotel, Thursday afternoon from two to four o'clock of April 15th.

United States Senator Cummins was for three terms the governor of the great state of Iowa and Judge Prouty is known throughout the nation as the chairman of the interstate commerce commission.

Mrs. Cummins and Mrs. Prouty will be included in the reception and the ladies are especially urged to attend.

MEETING AND PASSING

Little tots of about the same age, though perfect strangers, will look each other over kindly when first they meet. Then there are shy smiles, followed by "edging." In a surprisingly short time the tots are strangers no longer.

Young men and women swarm to the city parks and the county fairs, not so much to see the sights and hear the band as to see and hear each other. The Saturday night free street concert of the Skiggles Silver Cornet band draws quite as large a percentage of the population as does a Sousa recital. It may be the music, yet those of us who once were young can see wherein other attractions might have had an influence.

Middle-aged and elderly men and women at first pass each other without interest; but even these people, after frequently passing on the sidewalk, riding in the same train or using the same elevator, come to be more cordial in their "good mornings," and in time the acquaintanceship develops.

So, from the cradle to the grave, people are fighting all sorts of barriers and conventions to get together. To be "sociable" is perfectly natural.

In the hustle and bustle of life we are daily "passing" the while we long to "meet."

CANADA AND THE UNITED STATES

In some important respects Canada and the United States have been brought into closer and kindlier relationship by the war in Europe. They have become more neighborly. Regardless of laws made to hamper rather than to give freedom to international intercourse, trade between the two nations has gone steadily forward. Attention has been directed in these columns frequently to this interesting and important fact. Before the outbreak of the war Canada was a very large borrower in the United Kingdom. Loans placed there last year aggregated $227,000,000. Exigencies arising in August last made it necessary that the United Kingdom should call in its loans as rapidly as possible and place restrictions, temporarily at least on the granting of new credits.

In this emergency Canada came to the United States and was pleasantly received. According to our Ottawa advices $66,000,000 has been loaned by the United States during the last four months on Canadian securities, more than half the total loaned by United States financiers on foreign securities, and more than usually is loaned in one year. Canada, moreover, is practically assured by the United States of whatever financial aid it may need in the carrying out of her enterprises hereafter.

All this is very satisfactory. In a large way the two nations are doing business with each other on mutually agreeable terms. In a small way there is occasional cause for complaint on the Canadian side. There are always some who will not hesitate to take advantage of the neighbor in trouble and, doubtless, there are some Americans doing business with Canada who are capable of seeing only the selfish side and present gain. Canadians are not disposed to charge this against the people of the United States in general, however, for they have ample proof of something more than mere commercial friendliness on the southern side of the line.—Christian Science Monitor.

Providing good music for the exposition is a feature that the respective managements have not neglected. There may be no considerable number of savage breasts at the expositions to be soothed, but music hath charms, nevertheless, to soothe breasts that are not so savage. First-class band or orchestral music is a standard attraction even for a great world's fair.

THE CASE OF THE WATCH

Recently Jones collided with a spell of hard luck and in order to make his pork and beans and his appetite meet he was compelled to pawn his watch. While the watch was yet in hock a friend asked him the time of day.

"Why, what has become of your watch?" asked the surprised friend, seeing Jones yank out a time killer of the turnip brand.

"Here it is," smiled Jones, extending the cheap ticker. "Anything the matter with your optical apparatus?"

"Yes; but that's a silver watch," persisted the friend. "The one you used to have had a handsome gold case."

"I know it did," was the grimful rejoinder of Jones; "but circumstances alter cases."

The Monday Afternoon Bridge Luncheon club was entertained by Mrs. C. H. Woolsey of 1629 Riverdale drive. The color scheme of yellow and white was very prettily carried out in the floral decorations of roses and marguerites as well as in the delicious luncheon which was served at one o'clock. The afternoon was spent playing bridge and the prize was won by Mrs. J. Herbert Smith. All members of the club were present, except Mrs. Herbert Paine, who is not fully recovered from her recent illness. Mrs. Everett K. Barnes was special guest of the afternoon.

HERE'S A LESSON

The chief of the St. Louis detective force puts out this chunk of wisdom: "I am frequently asked what is the type of man who goes wrong. The answer is that there is no particular type. There is a clear type of man who never is in trouble, however. This is the man who lives within his means, who saves a part of his earnings each day and week and year. It does not matter much just so he lives within his income and saves."

We can all find strength to carry our burdens for one day; to be kind, and sweet, and true, and firm, just till night falls. This is all life ever asks of us. To fight one day's temptation; do one day's duty; check angry and fretful humors; hold our tongues in subjection, and, if we say nothing kind, say nothing at all, for just one day.

A WELL-BEATEN ROAD

The way of the transgressor's hard
(At least we've heard them say);
The path's been packed down, yard by yard,
By others on their way.

CONVICTS ON THE ROADS

The passage in the assembly of the bill for the use of convicts in the construction of state roads, marks perhaps the most revolutionary departure yet made in the handling of the penal problem in California.

The bill is for the present opposed by the labor unions, but when they discover by practical experience that it is possible to give to the convicts useful labor without injustice to free labor, the labor unions will be less suspicious of further extension of the same system. For the convicts themselves it supplies for the first time preparation for normal life by putting them into the environment of normal life. Under the present system we take a man who has failed or refused to meet the ordinary responsibilities of life and seek to equip him for these responsibilities by confining him in the only place in the state in which they do not exist. There are men in the penitentiary now who would not accept freedom if it were offered them, because they have lived so long in prison that they are wholly unfitted for life anywhere else. If this is to be the final effect of a long prison term, it must be the partial effect of any prison term. By taking selected convicts out and putting them at actual useful work under normal working conditions, by paying them for this work in reduced sentence, and perhaps ultimately in a limited wage, we are putting these convicts in an environment in which they will have a normal stimulus to do normal work. Those of them who go out from this service through parole or discharge will enter the ordinary responsibilities of life with good outdoor health, firm outdoor muscles, and tested habits of labor. The state will have prepared them to be useful citizens, and they will have only themselves to blame if they do not continue to take advantage of this reparation. And the state will incidentally have saved at least a part of the most useless of all our economic wastes.

THE TIGHTWAD AT THE GATE

The wealthy tightwad, who had spent a life accumulating money, gathering it penny by penny from hollow-cheeked washer women tenants and half starved, tubercular young working girls, passed away and stood at the golden gates, knocking—just as he had always done on earth.

St. Peter looked at the man's grasping fingers and had his number. He asked:

"On what good deeds do you base your claim for recognition here?"

"Been frugal and saved a lotta money."

"Ever spend any of it for charity?" asked the man at the gate.

It took a long time for the applicant to recall that he had.

"Once—back in the eighties—I gave a poor washer woman a dollar."

The recording angel verified the statement.

"Anything else?" asked St. Peter.

"Let me see," mused the tight one. "Yes, I gave a newsboy a quarter once."

The recording angel found this correct on the books.

"Anything else?" pursued the good man.

After a long scratch: "No, I can't recall any more. I had an awful time getting that money, you know."

St. Peter turned to Gabriel and asked:

"What will we do with him?"

Gabriel wasn't mean about it. But he was very concise. He said:

"Aw, give him back his dollar and a quarter and let him go to (censored)."

IT'S A BAD DIET

"Beware the hard luck story, son,"
Warned careful Mr. Tupp;
"For, if you ever swallow one,
You'll do some coughing up."

AND HE ARCHED HIS BROWS

She—I'm afraid poor papa will miss me when we are married.

He—Why, is your papa going away?

TO "PUNISH" DRY ZONE SUPPORTERS

Something more than moral courage is required by those who support measures opposed by the liquor interests. These interests are without scruple, and do not hesitate "to punish" those who may oppose them. It is generally understood here at Sacramento—on fact, reference to it has come out in debates in the senate during the last few days—that so far as possible, bills advocated by those who supported the University Dry Zone bill will be defeated whenever liquor interests can control the deciding votes against them.

There is good reason to believe that this is true. The same forces have resorted to such tactics in the past.

On the other hand, members of the legislature who stand for clean conditions cannot employ such methods. Regardless of the record of an associate who introduces a measure, the decent members of the legislature are required to pass upon such a measure on its merits.

No good citizen would want them to do anything else. But the situation illustrates one of the advantages which the tenderloin has over those who oppose tenderloin activities.—Legislative Bulletin.

OLIVE SALES INCREASE

Wholesale and retail olive dealers of Los Angeles say the sales of ripe olives are increasing daily since the widespread publicity received from the observance of olive day March 31. Not only have the local olive sales increased, but a number of large orders have come from the east.

Col. F. D. Butterfield, president of the Los Angeles Olive Growers' association, and who was one of the principal speakers at the Olive Day ceremonies at the San Francisco exposition, said:

"Olive day proved a great benefit to the olive industry of Southern California as well as to the entire state. Our business has increased in Los Angeles and one of the firms dealing with us in San Francisco writes that there is a great increase in the demand for olives and has placed a large order. The press of the entire state deserves a vote of thanks from the olive growers and others connected with the industry."

WHEN YOU'RE TIRED

He had held forth so long on the subject of his adventures that the entire smoking room was distinctly bored. Finally, he reached India. "It was here that I first saw a man-eating tiger!" he announced boastfully.

"Pooh! That's nothing," said a mild looking little man, edging toward the door. "I saw a man eating rabbit!" and he sauntered gracefully out.

DOESN'T CARE ANY MORE

"Does my practicing make you nervous?" asked the man who was learning to play the bugle for the regiment.

"It did when I first heard the neighbors discussing it," replied the sympathetic person. "But now I'm getting so I don't care what happens to you."

WHY WE DO NOT SPREAD SCANDAL

The Record has been asked why nothing has been said in these columns about the charges brought against Chief of Police Sebastian of Los Angeles, who has been held to answer complaint of contributing to the delinquency of a minor, says the South Pasadena Record. There are good reasons why we have said nothing about the case. In the first place the Record does not publish scandal. Besides, there is some doubt about the guilt of Chief Sebastian. It must be remembered that the chief is a candidate for mayor and that his race against the administration candidate, Whiffin, promises to be a close one and probably a successful one.

The assassination of character has been an old tool in politics, and usually an effective one. If the charge against Sebastian is false every newspaper that gives it publicity is equally guilty with the politicians who framed the deal. In that case the Record would be doing an injustice by spreading the story. If the charge against Sebastian has foundation it is a crime so dastardly that its telling would add nothing to the peace of mind of Record readers.

The Sebastian case is not the first that has been ignored by this paper. There are scores of others every month. The Record aims to give all the pure news every day, but it does not consider scandal "pure news," such as could be safely read by every member of the family. The less children know of scandals the better, and there are hundreds of children in South Pasadena who see no other daily newspaper than the Record. If we can keep only pure news before these youngsters we will feel repaid for our pains.
